

**INDEPENDENT AUDITOR'S REPORT**

**To the Members of  
JM FINANCIAL ASSET MANAGEMENT LIMITED**

**Report on the Audit of the Standalone Financial Statements****Opinion**

1. We have audited the standalone financial statements of JM FINANCIAL ASSET MANAGEMENT LIMITED ('the Company'), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

2. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder; and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information other than the Financial Statements and Auditors' Report Thereon**

3. The Company's Board of Directors is responsible for the preparation of the other information, comprising of the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and such other disclosures related Information, excluding the standalone financial statements and auditor's report thereon ('Other Information'). The Other Information is expected to be made available to us after the date of this Auditors' Report. Our opinion on the standalone financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the Other Information when it becomes available and, in doing so, consider whether the Other Information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Other Information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

## Responsibility of Management for Standalone Financial Statements

4. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

5. Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Our audit process in accordance with the SAs is narrated in details in Annexure 1 to this report.

## Report on Other Legal and Regulatory Requirements

6. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 2, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
7. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
  - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e. On the basis of the written representations received from the directors as on March 31, 2019, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of section 164 (2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure 3.
- g. In terms of provisions of Section 197(16) of the Act, as per the information and explanations given, we report that the managerial remuneration paid by the Company to its Directors is in accordance with provisions of Section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company does not have any pending litigations which would impact its financial position (Refer note 38 of the financial statement).
  - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**Annexure 1 referred to in paragraph 5 of Independent Auditors' Report of even date to the members of JM Financial Asset Management Limited on the Financial Statements of the Company for the year ended March 31, 2019**

As part of our audit in accordance with SAs we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Annexure 2 referred to in paragraph 6 of Independent Auditors' Report of even date to the members of JM Financial Asset Management Limited on the Financial Statements of the Company for the period ended March 31, 2019**

On the basis of such checks as we considered appropriate, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) According to the information and explanations given to us and based on the records of the Company examined by us, fixed assets have been physically verified by the management at regular intervals; and no material discrepancies were noticed on such verification;
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. The Company does not hold any inventory or securities as stock in trade, hence clause 3(ii) of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a), (b) and (c) of the Order are not applicable to the Company.
- iv. According to the records of the Company examined by us and as per the information and explanations given to us, The Company has not granted any loans covered under Section 185 and 186.
- v. The Company has not accepted any deposits from the public covered under section 73 to 76 of the Companies Act, 2013.
- vi. According to the information and explanations given to us, the Company is not required to maintain any cost records prescribed by the Central Government under sub-section (1) of Section 148 of the Act.
- vii. (a) According to the information and explanations given to us and based on the records of the Company examined by us, the Company is regular in depositing the undisputed statutory dues, including, Provident Fund, Employees' State Insurance, Income-tax, Custom Duty, Excise Duty, Cess, Goods and Service Tax and other material statutory dues, as applicable, with the appropriate authorities in India.
- (b) According to the information and explanations given to us and based on the records of the Company examined by us, there are no dues of Income Tax, Service Tax, Value added tax, Sales Tax, Customs Duty, Excise Duty, Goods and Service Tax and Cess which have not been deposited on account of any disputes
- viii. According to the information and explanations given to us and based on the records of the Company examined by us, the Company has not defaulted in repayment of loans or borrowings to any financial institutions, banks, government. The Company has not issued any debentures.
- ix. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Hence the provision of clause 3(ix) of the Order is not applicable to it.

- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- xi. According to the records of the Company examined by us and as per the information and explanations given to us, the Company has complied with the provisions of Section 197 read with schedule V of the Act.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on the records of the Company examined by us, the Company is in compliance with Section 177 of the Act. The transactions with related parties entered into by the Company, disclosures whereof made as per the applicable accounting standard; do not attract the provisions of section 188 of the Act.
- xiv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the Company.
- xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in Section 192 of the Act.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

**Annexure 3 referred to in paragraph 7(f) of Independent Auditors' Report of even date on the Financial Statements of JM Financial Asset Management Limited  
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of JM Financial Asset Management Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that;

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and

- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) and the relevant provisions of the Companies Act, 2013 (the “Act”) (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Effective April 01, 2018, the Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards, with April 1, 2017 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

**Historical cost convention**

The financial statements have been prepared on the historical cost basis except for certain financial instruments those are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value in use in Ind AS 36.

Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

- Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the valuation of assets or liabilities

**Presentation of financial statements**

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

Amounts in the financial statements are presented in Indian Rupees in crores rounded off to two decimal places as permitted by Schedule III to the Act. Per share data are presented in Indian Rupee to two decimal places.

**Functional and Presentation Currency:**

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

**2.2 Property, plant and equipment and Intangible Assets**

- a. Property, plant and equipment (PPE) is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment, if any. Cost includes professional fees related to the acquisition of PPE. PPE not ready for the intended use on the date of the Balance Sheet is disclosed as "capital work-in-progress". (Also refer to policy on leases, borrowing costs and impairment of assets below).

Depreciation / amortization is recognised on a straight-line basis over the estimated useful lives of respective assets as under:

<b>Assets</b>	<b>Useful Life</b>
Office premises	60 years
Furniture and fixtures	10 years
Office equipment	5 years
Electrical Fittings	10 years
Computers Hardware	3 years
Computers Hardware - Servers	6 years
Leasehold improvements	Useful life or lease period whichever is lower
<b>Intangible Assets</b>	<b>Useful Life</b>
Computer Software	5 years

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

#### **Intangible asset**

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible assets under development".

Intangible assets are amortised on straight line basis over the estimated useful life of 5 years. The method of amortisation and useful life are reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the asset's revised carrying amount over its remaining useful life.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

#### **Deemed cost on transition to Ind AS**

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of April 1, 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

#### **Impairment losses on non-financial assets**

As at the end of each year, the Company reviews the carrying amount of its non-financial assets is PPE and intangible to determine whether there is any indication that these assets have suffered an impairment loss.

An asset is considered as impaired when on the balance sheet date there are indications of impairment in the carrying amount of the assets, or where applicable the cash generating unit to which the asset belongs, exceeds its recoverable amount (i.e. the higher of the assets' net selling price and value in use). The carrying amount is reduced to the level of recoverable amount and the reduction is recognised as an impairment loss in the Statement of Profit and Loss.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### **2.3 Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

- a. **Management Fees**  
Management fee is recognized at specific rates agreed for the relevant schemes applied on the daily net assets of each scheme.
- b. **Interest Income**  
Interest income is recognised on accrual basis. Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the amortised cost and at the effective interest rate applicable
- c. **Dividend Income**  
Dividend income is recognised when the right to receive the dividend is established. (Provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).
- d. **Rent Income**  
Rent income is recognised on accrual basis as per agreement.

### **2.4 Leasing**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

#### **Finance Lease**

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on borrowing costs (see note 2.7 below).

#### **Operating Lease**

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Effective from April 01, 2019 Ind AS 116, the new leases standard will be applicable to the Company. As per Ind AS 116 all leases will form part of the balance sheet, applying a "right-of-use asset" model that would recognise an asset on the lessee's balance sheet (representing its right to use the leased asset over the lease term), and recognise a corresponding liability to make future lease payments.

As such, a lessee's current operating lease accounting model will change significantly. The lessor accounting model will largely remain unchanged from that applied under current guidance.

## **2.5 Borrowing costs**

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets as defined in Ind AS 23 are capitalized as a part of costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

Interest expenses are calculated using the EIR and all other Borrowing costs are recognised in the Statement of profit and loss in the period in which they are incurred.

## **2.6 Employee benefits**

### **Retirement benefit costs and termination benefits: Defined Contribution Plan**

Payments to defined contribution plans are recognised as expense in the Statement of Profit & Loss of the year when employees have rendered service entitling them to the contributions. The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that cash refund or a reduction in the future payment is available.

### **Defined Benefit Obligation:**

The Company's Gratuity liability under the Payment of Gratuity Act, 1972 are determined based on actuarial valuation made at the end of each financial year using the projected unit credit method.

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually, by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest),

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

are recognised immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

### **Short-term employee benefits**

Short-term employee benefits are expensed as the related service is provided at the undiscounted amount of the benefits expected to be paid in exchange for that service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. These benefits include performance incentive and compensated absences, which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

### **Other long-term employee benefits**

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

## **2.7 Share-based payment arrangements**

Equity-settled share-based payments to employees of the Company are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments to employees of the Company is expensed on a straight-line basis over the vesting period with a corresponding increase in equity.

At the end of each year, the Company revisits its estimate of the number of equity instruments expected to vest and recognizes any impact in the Statement of profit and loss, such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

Equity-settled share-based payment transactions with parties other than employees are measured at the fair value of the goods or services received, except where that fair value cannot be estimated reliably, in which case they are measured at the fair value of the equity instruments granted, measured at the date the entity obtains the goods or the counterparty renders the service.

For cash-settled share-based payments, a liability is recognised for the goods or services acquired, measured initially at the fair value of the liability. At the end of each reporting period until the liability

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

is settled, and at the date of settlement, the fair value of the liability is remeasured, with any changes in fair value recognised in profit or loss for the year

Fair valuation of grants on transition to Ind AS:

For transition to Ind AS, the Company has availed the option to fair value grants that vest after the transition date, 1 April 2017

## **2.8 Income tax**

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### **Current Tax**

The tax currently payable is based on the taxable profit for the year of the Company. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period.

### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Company is able to control the reversal of temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

## 2.9 Goods and Services Input Tax Credit

Goods and Services tax input credit is accounted for in the books in the period in which the supply of goods or service received and when there is no uncertainty in availing/utilising the credits.

## 2.10 Provisions, contingent liabilities and contingent assets

Provisions are recognised only when:

- i. an entity has a present obligation (legal or constructive) as a result of a past event; and
- ii. it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- iii. a reliable estimate can be made of the amount of the obligation

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Further, long-term provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost. A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

Contingent liability is disclosed in case of:

- i. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- ii. a present obligation arising from past events, when no reliable estimate is possible.

Contingent Assets:

Contingent assets are not recognised in the financial statements

## 2.11 Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- i. estimated amount of contracts remaining to be executed on capital account and not provided for;
- ii. uncalled liability on shares and other investments partly paid;
- iii. other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

## 2.12 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

- i. changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- ii. non-cash items such as depreciation, provisions, deferred taxes, unrealised foreign currency gains and losses, and undistributed profits of associates and joint ventures; and
- iii. all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items, which are not available for general use as on the date of Balance Sheet.

### 2.13 Segments

Based on "Management Approach" as defined by Ind AS 108, The Chief Operating Decision Maker (CODM) evaluates the "Operating Segments". Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. There are no reportable segments, as per Ind AS 108 prescribed under section 133 of Companies Act, 2013.

### 2.14 Financial Instruments

#### Recognition of Financial Instruments

Financial instruments comprise of financial assets and financial liabilities. Financial assets and liabilities are recognized when the Company becomes the party to the contractual provisions of the instruments. Financial assets primarily comprise of loans and advances, premises and other deposits, trade receivables and cash and cash equivalents. Financial liabilities primarily comprise of borrowings and trade payables.

#### Initial Measurement of Financial Instruments

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

If the transaction price differs from fair value at initial recognition, the Company will account for such difference as follows:

- if fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets, then the difference is recognised in profit or loss on initial recognition (i.e. day 1 profit or loss);
- in all other cases, the fair value will be adjusted to bring it in line with the transaction price (i.e. day 1 profit or loss will be deferred by including it in the initial carrying amount of the asset or liability).

After initial recognition, the deferred gain or loss will be released to the Statement of profit and loss on a rational basis, only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

**Subsequent Measurement of Financial Assets:**

All recognised financial assets that are within the scope of Ind AS 109 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

**Classification of Financial Assets:**

- Debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI), are subsequently measured at amortised cost;
- all other debt instruments (e.g. debt instruments managed on a fair value basis, or held for sale) and equity investments are subsequently measured at FVTPL.

However, the Company may make the following irrevocable election / designation at initial recognition of a financial asset on an asset-by-asset basis:

- the Company may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies, in OCI; and
- the Company may irrevocably designate a debt instrument that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch (referred to as the fair value option).

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

**Debt instruments at amortised cost or at FVTOCI**

The Company assesses the classification and measurement of a financial asset based on the contractual cash flow characteristics of the individual asset basis and the Company's business model for managing the asset.

For an asset to be classified and measured at amortised cost or at FVTOCI, its contractual terms should give rise to cash flows that are meeting SPPI test.

For the purpose of SPPI test, principal is the fair value of the financial asset at initial recognition. That principal amount may change over the life of the financial asset (e.g. if there are repayments of principal). Interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as a profit margin. The SPPI assessment is made in the currency in which the financial asset is denominated.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

Contractual cash flows that are SPPI are consistent with a basic lending arrangement. Contractual terms that introduce exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement, such as exposure to changes in equity prices or commodity prices, do not give rise to contractual cash flows that are SPPI. An originated or an acquired financial asset can be a basic lending arrangement irrespective of whether it is a loan in its legal form.

An assessment of business models for managing financial assets is fundamental to the classification of a financial asset. The Company determines the business models at a level that reflects how financial assets are managed at individual basis and collectively to achieve a particular business objective.

When a debt instrument measured at FVTOCI is derecognised, the cumulative gain/loss previously recognised in OCI is reclassified from equity to profit or loss. In contrast, for an equity investment designated as measured at FVTOCI, the cumulative gain/loss previously recognised in OCI is not subsequently reclassified to profit or loss but transferred within equity.

Debt instruments that are subsequently measured at amortised cost or at FVTOCI are subject to impairment.

#### **Equity Investments at FVTOCI**

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on equity instruments measured through FVTPL are recognised in the Statement of Profit & Loss.

Gains and losses on equity instruments measured through FVTOCI are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment.

#### **Financial assets at fair value through profit or loss (FVTPL)**

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects or initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments, which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

### **Reclassifications**

If the business model under which the Company holds financial assets changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. During the current financial year and previous accounting period there was no change in the business model under which the Company holds financial assets and therefore no reclassifications were made. Changes in contractual cash flows are considered under the accounting policy on Modification and derecognition of financial assets described below.

### **Impairment of financial assets**

#### *Overview of the Expected Credit Loss principles*

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitments and financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

Expected credit losses (ECL) are a probability-weighted estimate of the present value of credit losses. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

A loss allowance for full lifetime ECL is required for a financial instrument if the credit risk on that financial instrument has increased significantly since initial recognition. For all other financial instruments, ECLs are measured at an amount equal to the 12-month ECL.

The Company measures ECL on an individual basis. The measurement of the loss allowance is based on the present value of the asset's expected cash flows using the asset's original EIR.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

- Stage 1 - Performing assets with zero to thirty days past due (DPD). Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.
- Stage 2 - Under-performing assets having 31 to 90 DPD. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.
- Stage 3 - Non-performing assets with overdue more than 90 DPD

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18 and loans under short term financing, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix, which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

The Financial assets for which the Company has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) derecognition of the financial asset.

#### **Derecognition of financial assets**

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial assets or
- retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial assets. In such cases, the financial assets is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

**Financial liabilities and equity instruments**

**Classification as debt or equity**

Debt and equity instruments issued by a Company entity are classified either as financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity Instrument**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain/loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

**Financial liabilities**

A financial liability is a contractual obligation, to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company or a contract that will or may be settled in the Company's own equity instruments and is a non-derivative contract for which the Company is or may be obliged to deliver a variable number of its own equity instruments, or a derivative contract over own equity that will or may be settled other than by the exchange of a fixed amount of cash (or another financial asset) for a fixed number of the Company's own equity instruments.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

**Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

**Financial liabilities subsequently measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition

**Derecognition of financial liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

**2.15 Cash and Cash Equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above.

**2.16 Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**2.17 Critical accounting judgements and key sources of estimation uncertainties**

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the

**JM FINANCIAL ASSET MANAGEMENT LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**

actual results and the estimates are recognised in the periods in which the results are known / materialise.

**Fair Valuation**

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset and liability, the Company uses market observable data to the extent it is available.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 33.

**Expected Credit Loss**

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and credit assessment and including forward-looking information.

The inputs used and process followed by the Company in determining the increase in credit risk have been detailed in Note 33.

**Deferred Taxes**

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

**Defined benefit plans**

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

**3. Standards Issues but not yet effective**

Ind AS 116 Leases was notified on 28th March, 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after April 01, 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. The Company is in the process of assessing the impact of the new standard.

## JM FINANCIAL ASSET MANAGEMENT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

27 **Earning Per Share:**

Earnings per share is calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, as under:

Diluted EPS is calculated by dividing the net profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Rupees in Lakh

Particulars	Year ended 31.03.2019	Year ended 31.03.2018
Profit for the year	4,098.62	5,802.49
Profit attributable to equity shareholders	4,098.62	5,802.49
Weighted average number of shares outstanding during the year	53,327,500	54,781,736
Basic and Diluted Earnings per share (Rupees)	7.69	10.59
Nominal value per share (Rupees)	10.00	10.00

28 **Segment Reporting**

The main business of the Company is to manage Mutual Fund. All other activities of the Company revolve around the main business and accordingly there are no separate reportable segments, as per Ind AS on Segmental Reporting (Ind AS 108) prescribed under section 133 of the Companies Act, 2013.

29 **Lease Transactions:****Finance leases**

The Company has taken vehicles on finance lease agreement. The tenure of lease agreements ranges from 36 to 60 months with an option of prepayments / foreclosure. The minimum lease rentals outstanding as at the year-end are as under:

Minimum lease Payments

Later than five years	-	-
<b>Total</b>	<b>364.88</b>	<b>454.88</b>

**30 Employee Benefits:**

**Defined Contribution Plan:**

The Company operates defined contribution plan (Provident Fund and Family Pension Fund) for all qualifying employees of the Company. The employees of the Company are members of a retirement contribution plan operated by the government. The Company is required to contribute a specified percentage of payroll cost to the retirement contribution scheme to fund the benefits. The only obligation of the Company with respect to the plan is to make the specified contributions.

The Company's contribution to Provident Fund and other Funds is aggregating to Rs. 87.52 Lacs (2017-18: Rs.76.97 Lacs; 2016-17: Rs. 70.76 Lacs) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

**Defined benefit obligation**

The Company's liabilities under the Payment of Gratuity Act, 1972 are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method.

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. The actuarial risks associated are:

**Interest Rate Risk:**

The risk of government security yields falling due to which the corresponding discount rate used for valuing liabilities falls. Such a fall in discount rate will result in a larger value placed on the future benefit cash flows whilst computing the liability and thereby requiring higher accounting provisioning.

**Longevity Risks:**

Longevity risks arises when the quantum of benefits payable under the plan is based on how long the employee lives post cessation of service with the Company. The gratuity plan provides the benefit in a lump sum form and since the benefit is not payable as an annuity for the rest of the lives of the employees, there is no longevity risks.

**Salary Risks:**

The gratuity benefits under the plan are related to the employee's last drawn salary. Consequently, any unusual rise in future salary of the employee raises the quantum of benefit payable by the Company, which results in a higher liability for the Company and is therefore a plan risk for the Company.

a) The principal assumptions used for the purposes of the actuarial valuations were as follows.

Particulars	Rupees in Lakh		
	As at 31.03.2019	As at 31.03.2018	As at 01.04.2017
Discount rate (per annum)	7.55%	7.85%	7.20%
Expected rate of Salary increase	7.00%	7.00%	7.00%
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate

b) Amount recognised in Balance sheet in respect of these defined benefit obligation:

Particulars	Rupees in Lakh		
	As at 31.03.2019	As at 31.03.2018	As at 01.04.2017
Present value of defined benefit obligation	295.76	247.20	184.42
Fair value of plan assets	-	-	-
<b>Net liability</b>	<b>295.76</b>	<b>247.20</b>	<b>184.42</b>

## JM FINANCIAL ASSET MANAGEMENT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

c) Amount recognised in statement of profit and loss in respect of these defined benefit obligation

Particulars	As at	As at
	31.03.2019	31.03.2018
Current Service Cost	18.21	11.29
Net Interest Cost	18.16	12.55
Past Service Cost	-	60.81
<b>Total amount recognised in statement of Profit and Loss Account</b>	<b>36.37</b>	<b>84.65</b>
<b>Component of defined benefit costs recognised in profit or loss</b>		
- Actuarial (gain)/loss from change in demographic assumptions	(0.22)	-
- Actuarial (gain)/loss from change in financial assumptions	8.69	(17.19)
- Actuarial (gain)/loss from change in experience adjustments	5.45	7.05
<b>Total amount recognised in other comprehensive income</b>	<b>13.92</b>	<b>(10.14)</b>
<b>Total</b>	<b>50.29</b>	<b>74.51</b>

The current service cost and the net interest expense for the year are included 'in the Employee benefit expense' line item in the statement of profit and loss.

d) Movement in the present value of the defined benefit obligation are as follows:

Particulars	As at	As at
	31.03.2019	31.03.2018
Opening defined benefit obligation	247.20	184.42
Current service cost	18.21	11.29
Past Service Cost	-	60.81
Interest cost	18.16	12.55
<b>Remeasurements (gains)/losses:</b>		
Actuarial (gain)/loss from change in demographic assumptions	(0.22)	-
Actuarial (gain)/loss from change in financial assumptions	8.69	(17.19)
Actuarial (gain)/loss from change in experience adjustments	5.45	7.05
Benefits paid	(9.56)	(11.73)
Liabilities assumed / (Settled)*	7.82	-
<b>Closing defined benefit obligation</b>	<b>295.75</b>	<b>247.20</b>

\* on account of inter group transfer.

e) Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonable possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis are as follows:

Defined benefit obligation (base) Particulars	31st March 2019		31st March 2018	
	Discount Rate	Salary Escalation Rate	Discount Rate	Salary Escalation Rate
Defined benefit obligation on increase in 50 bps	28,149,886	30,576,056	23,514,262	25,677,145
Impact of increase in 50 bps on DBO	-4.82%	3.38%	-4.88%	3.87%
Defined benefit obligation on decrease in 50 bps	31,116,753	28,529,654	26,026,438	23,805,593
Impact of decrease in 50 bps on DBO	5.21%	-3.54%	5.28%	-3.70%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior periods in preparing the sensitivity analysis. For change in assumptions refer to note (a) above.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation asset recognised in the balance sheet.

**NOTES TO THE FINANCIAL STATEMENTS**

**2. Fair Value Hierarchy and Method of Valuation**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

**Fair value hierarchy levels 1 to 3 are based on the degree to which the fair value is observable:**

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Rupees in Lakh

As at March 31, 2019	Notes	Carrying Value	Level 1	Level 2	Level 3	Total
<b>Financial assets</b>						
<b>Measured at FVTPL</b>						
Investments in Mutual Fund	1	2,249.89	2,249.89	-	-	2,249.89
Investments in Equity Instrume	2	10.85	-	-	10.85	10.85
<b>Total</b>		<b>2,260.74</b>	<b>2,249.89</b>	<b>-</b>	<b>10.85</b>	<b>2,260.74</b>
<b>As at March 31, 2018</b>						
<b>Financial assets</b>						
<b>Measured at FVTPL</b>						
Investments in Mutual Fund	1	6,836.64	6,836.64	-	-	6,836.64
<b>Total</b>		<b>6,836.64</b>	<b>6,836.64</b>	<b>-</b>	<b>-</b>	<b>6,836.64</b>
<b>As at 1st April, 2017</b>						
<b>Financial assets</b>						
<b>Measured at FVTPL</b>						
Investments in Mutual Fund	1	17,674.68	17,674.68	-	-	17,674.68
<b>Total</b>		<b>17,674.68</b>	<b>17,674.68</b>	<b>-</b>	<b>-</b>	<b>17,674.68</b>

Except for those financial instruments for which the carrying amounts are mentioned in the above table, the Company considers that the carrying amounts recognised in the financial statements are approximate their fair values.

For financial assets that are measured at fair value, the carrying amounts are equal to the fair values.

**Valuation techniques used to determine the fair values:**

1. Mutual funds which are fair valued using quoted prices and closing NAV in the market.
2. Investment in Equity Instruments has been made near to the reporting date and hence the carrying amount of the Investment has been taken as Fair Value.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS**

**(B) Financial risk management**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk ; and
- Market risk (including currency risk and interest rate risk)

**i) Credit Risk:**

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating (primarily Trade Receivables) and investing activities.

The Total Trade Receivables as on March 31, 2019 is Rs. 492.14 Lakhs (March 31, 2018 - Rs. 836.25 Lakhs) (March 31, 2017 - Rs. 663.20 Lakhs)

The Company has its credit risk concentrated to a single customer which is the Mutual Fund of which it manages the assets.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables. However, as per the business practice the amount due is received within a period of 7 days and therefore no provision is created.

**Investments**

Investments primarily includes investment in units of mutual funds and investment in debt instruments. Investment in units of mutual funds have low credit risk. The Company has followed General approach for determining expected credit loss on investment in debt instruments. The Company's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising expected credit losses
Stage 1	Performing assets	12 month ECL
Stage 2	Under Performing assets	Lifetime ECL
Stage 3	Non-performing assets	Lifetime ECL - credit impaired

For PD and Loss Given Default (LGD) the Company has relied upon the internal and external information.

The table below shows the credit quality and the exposure to credit risk based on the year-end stage classification. The amounts presented are gross of impairment allowances.

Particulars	31-Mar-19	31-Mar-18	31-Mar-17
Stage 1	15,468.73	9,000.00	-
Stage 2	-	-	-
Stage 3	-	-	-
<b>TOTAL</b>	<b>15,468.73</b>	<b>9,000.00</b>	<b>-</b>

**JM FINANCIAL ASSET MANAGEMENT LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS**

An analysis of changes in the gross carrying amount and the corresponding ECL allowance is as under

<b>Investments</b>	<b>Amount(Rs.)</b>
RMZ Buildcon Private Limited	15,468.73
Less : Provision for Impairment Loss	88.76
<b>Net Carrying Amount</b>	<b>15,379.97</b>

**ii) Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

However the Company believes that it has a strong financial position and business is adequately capitalized, have good credit rating and appropriate credit lines available to address liquidity risks.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Ultimate responsibility for liquidity risk rest with the management, which has established an appropriate liquidity risk framework for the management of the Company's short term, medium-term and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**Exposure to liquidity risk**

The following are the details of Company's remaining contractual maturities of financial liabilities and assets at the reporting date. The amounts are gross and undiscounted.

iii) **Market Risk :**

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return. Market risk comprises three types of risk: interest rate risk, foreign currency risk and price risk, such as commodity risk. The Company does not have any exposure to foreign currency risk and price risk. The Company has exposure to Interest rate. However, financial assets and financial liabilities of the Company are at fixed interest rate. Thus the Company does not have any interest rate risk at present.

**JM FINANCIAL ASSET MANAGEMENT LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS**

**34 Employee Stock Option Plan/ Employee Stock Option Scheme:**

- (A) Based on the request made by JM Financial Asset Management Limited ('the Company'), JM Financial Limited, in accordance with Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, has granted its equity stock options, inter alia, to the eligible employees and/or directors (the Employees) of the Company. The charge on account of the above scheme is included in employee benefit expense aggregating Rs. 92 lakh (Previous year Rs.57.89 lakh). 28th April, 2014	290,000	Three years from the date of vesting	10

Against the above 2,90,000 options exercised, 2,90,000 Equity shares of Rs. 10/- each have been issued to the allottee during the year under audit.

Particulars	No. of outstanding Options	
	Current year	Previous year
Outstanding at the beginning of the year	-	290,000
Granted during the year	-	-
Lapsed/ forfeited during the year	-	-
Exercised during the year	-	290,000
Expired during the year	-	-
Outstanding at the end of the year	-	-
Exercisable at the end of the year	-	-

**35 Expenditure towards Corporate Social Responsibility as per Section 135 of the 2013 Act (read with schedule VII thereof)**

- a. Gross amount required to be spent by the Company during the year – Rs. 113.52 lakh (previous year, Rs.78.20 lakh)
- b. Amount spent and paid during the year by way of donations to charitable trusts– Rs.113.52 lakh (previous year, Rs.79.00 lakh)

**36 During the previous year, the Company bought back 58,04,152 Equity Shares, vide Resolution passed at the Annual General Meeting held on June 14, 2017 at premium of Rs. 82.50 per Equity share from Internal accruals. In terms of applicable provisions of the 2013 Act, Capital Redemption Reserve of Rs. 580.42 Lakhs has been created out of the Profit and loss account.**

**37 Capital Management:**

The Company has Cash surplus and has no Capital other than Equity. The Cash surplus are currently invested in Equity instruments, Mutual Fund and Debt instrument, which is in line with it's investment policy. Safety of Capital is of prime important to ensure availability of Capital for operation. Investment objective is to provide Safety and adequate return on surplus fund.

**38 The Company does not have any pending litigations which would impact its financial position.**

**JM FINANCIAL ASSET MANAGEMENT LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS**

39 Uncalled Liability on Investment in NCDs of RMZ Infotechpark India Pvt Ltd (partly paid-up) is Rs. Nil (Previous Year Rs. 6,000 lakh).

**40 Transition to Ind AS:**

**Overall principle:**

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended March 31, 2019, the comparative information presented in these financial statements for the year ended March 31, 2018 and in the preparation of an opening Ind AS balance sheet at April 1, 2017 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

**Exemptions and Exceptions availed:**

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

**Ind AS Exemptions:**

**Deemed cost for property, plant and equipment and other intangible assets:**

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

**Estimates:**

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2017 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

**Share Based payment**

The Company has opted not to apply Ind AS 102, share based payment to Equity instrument that vested before date of transition to Ind AS.

**Fair Value of Financial Assets and Liabilities**

As per Ind AS exemption the Company has not fair valued the financial assets and liabilities retrospectively and has measured the same prospectively.
